Trend Of War In Korea Will Have Direct Bearing On 1953 Business, Says M. E. Knouse

The trend of the Korean war will have a direct bearing on the economic situation in the country during 1953 is the belief of M. E. Knouse, president of Knouse Foods, Inc., Peach Glen. When asked by The Gettysburg Times what he thought of the business prospects for next year Mr. Knouse said:

"Forecasting is always dangerous but because of our complicated economic system, most people must think and make plans for the future; both on a short range, where possible, and on a longer range, where necessary. It is in this spirit that I make the following comments."

"Many Favorable Signs"
"First, in the short range for 1953, I can see many favorable signs. The American people have a dominant optimistic feeling and seem to have fewer worries from fears of depression, unemployment, and another world war. I believe employment will be high and our standard of living will remain good. This will mean high production for our civilian and in-

"AG" STUDENTS GATHER DATA ON FARM LIVESTOCK

More than 200 Adams County high school agriculture students are completing a count of livestock on their own or neighboring farms as part of an annual state-wide livestock survey.

The youngsters, students in vocational agriculture classes in the county, are filling four-page forms, listing facts on livestock population, to be turned in when they return to school Monday.

Each FFA chapter will send its report to state officials who will summarize the reports from the approximately 12,000 agriculture students in the state for the state-wide livestock population estimate.

Richard C. Lighter, Adams-Franklin supervisor of vocational agriculture, said that the report, made annually, provides a cross section of farms in the state and through the years has been an accurate guide to changes in livestock population and trends in farming.

The report from the FFA members are checked against previous reports and the ten-year census figures to provide the basis for the annual estimate of livestock on the farms in the state.

In the report the students list such things as the number of cattle over a year old, the number under a year, the number of laying hens, number of broilers, number of beef cattle, number and types of swine and ages, and similar details to give a complete census of the farms on which the youngsters live, or in some instances, when so assigned, neighboring farms.

Armed Force Striking Power Improved By Deadlier Arms, Faster Jets, Bigger Carriers

WASHINGTON (AP)—Better standard arms and deadly new ones—from faster jet warplanes and mightier aircraft carriers to atomic warfare—are giving fiercer striking power to an American armed force unchanged in size.

That is the picture presented, directly and indirectly, in a semi-annual report of the defense establishment issued last night, a report which showed manpower strength static at 3,600,000.

In his portion of the report, Secretary of Defense Lovett wrote soberly of the difficulties arising from rising costs for arms, of production problems stemming from various causes including strikes and of the need for a continued high level of draft calls to keep the strength of the Army up.

Better Military Strength
But, in a look back over the two years of what he termed partial mobilization, he said the U. S. "increased its actual and potential military strength to a level which should give pause to even the most reckless aggressor."

The accompanying reports of the Army, Navy and Air Force secretaries presented some flat state-

New Helmets, Boots Arrive For Firemen

Twenty-five new helmets and pairs of boots have been received at the Gettysburg Fire House for use by the firemen. In addition a shipment of 25 new raincoats is scheduled to arrive, possibly today.

The new boots are regular firemen's boots, the first purchased by the department. Previously ordinary hip boots were bought for use by the volunteers. The new boots have built in arch supports, a thick, soft sole, felt lining, and rubber grips inside to make it easier for the firemen to put them on.

Inside the new hard plastic helmets are felt ear flaps that can be let down to cover the back of the neck and ears of the firemen, in cold weather. The new raincoats contain a heavy inside lining for warmth in winter that can be removed during the summer.

The new equipment will be entered on the company's list to provide additional sizes and make replacements of worn-out articles.

STOCKS STEADY

BRIDGES RITES SATURDAY; WILL BE BURIED HERE

Funeral services for David Willis Bridges, 60, grandson of the late Judge and Mrs. David Willis of Gettysburg, and his wife, Mrs. Winona Bridges, 59, W. University Pkwy., Baltimore, killed instantly in an automobile accident Wednesday afternoon near Liverpool, Pa., on Rt. 11, will be held at 1 o'clock Saturday afternoon at the Brown Memorial Presbyterian Church, Park and Lafayette Aves., Baltimore.

Mr. Bridges was a member of the cast of the October 18 pageant, "Mr. Lincoln Goes To Gettysburg," staged here by the Western Maryland Railway Co. as a re-enactment of President Lincoln's visit here in 1863. Mr. Bridges played the part of Governor Bradford of Maryland in the pageant.

Killed in the same accident was a sailor, Robert D. Schilling, 23, of Lock Haven. State police said Schilling was attempting to pass another vehicle traveling in the same direction when his car and the Bridges automobile collided head-on in the center line of the three-lane highway. Poor visibility caused by snow and rain and slush on the road were blamed partly for the accident.

All three were killed instantly. Mr. Bridges died of a broken neck and a fractured skull. His wife suffered a fractured skull and a crushed chest. Schilling suffered a fractured skull and was partially decapitated. Bridges was pinned in the wreckage of his car for nearly 40 minutes before his body was extricated.

MODERN "FAGIN" HELD FOR THEFT; COACHED HIS SON

A man, described by state police as a modern "fagin," is being held in the York County Jail.

Taken into custody Tuesday by State Troopers Richard P. Sneider, York, and Trooper Stephen Richardson, Carlisle, Lawrence E. Dick, 45, of Dillsburg R. 1, readily admitted stealing a gun from a store in Dillsburg and a power saw from the farm of William S. Strayer, Dillsburg R. 1, they said.

Wednesday, Trooper Sneider visited Dick's home and found four more weapons, leather, brief case, two hunting knives, and a clock which the man's 13-year-old son said they stole, according to the state trooper.

Coached By Father

The lad told the state trooper that he was coached by his father to lift articles while they visited stores in the Dillsburg area. The father would engage the clerk or proprietor in conversation and the son would pick up the articles, including three guns and a revolver, and conceal them in his clothing, the state trooper said he learned from the youth.

The state trooper said he also learned from the boy that two guns and a revolver which have been recovered were taken from the implement store of B. H. Karns, Dillsburg. Previously, Dick admitted taking a gun from the hardware store of Hugh J. Shambaugh, Dillsburg. A fifth weapon, he said, was stolen from the farm of Frank R. Lerew, Dillsburg R. 2.

The clock, knives and brief case, were taken by the pair while on visits to the Shambaugh store, the state trooper said.

Trooper Sneider said Dick is already charged with two counts of larceny and one count of burglary before Justice of the Peace Marlet Sipe, Strinestown. A further investigation of the crime would determine whether additional charges would be filed, he said.

The state trooper said the case of the boy, who admitted his part in the thefts which were at the direction of the parent, would be turned over to juvenile authorities.

WGCT RENDERS FINE SERVICE

Borough Engineer LeRoy H. Winebrenner is convinced that not only does WGCT reach a large audience in this area, but also that the merchants who reside in the central section of the town are extremely cooperative.

New Year's Eve when plans were completed to clear the streets of snow during the early hours of the morning, Winebrenner asked the radio station to urge the people to clean their sidewalks in preparation for the street cleaning. Despite the fact that they must have had to start shoveling after 9 o'clock Wednesday evening, two-thirds of the storekeepers and others had their pavements clear when the borough employees began cleaning the streets.

Winebrenner also discovered that cars can be "unparked" quickly when a tow truck shows up. About 30 cars were parked in Lincoln Square at 3 a.m., one illegally. Winebrenner ordered a tow truck to remove the illegally parked car so he could clear away the snow. He added that "the other cars all left within about 25 seconds. I don't know where the people all came from."

FEA COMMITTEE TO MEET

A meeting of the Adams-Franklin Area Future Farmers of America executive committee will be held Wednesday evening at 7 o'clock in the Gettysburg High School vocational agriculture room, Richard C. IKE ELECTION IS BEST NEWS STORY OF YEAR

PHILADELPHIA (AP)—The political campaign, from the verbal shadow boxing before the primary to the no-holds-barred battle at the national conventions that eventually led to the presidential victory of Dwight D. Eisenhower, was the No. 1 news story in Pennsylvania in 1952.

The election story overshadowed everything else in the Keystone State, in news reviews of the year. More words were written about it. It attracted more public interest, during the entire 12-month period, than any other single event.

Actually, there were enough distinct phrases within the election story to monopolize the list of the top 10 state stories for the year.

The primary campaign in which Eisenhower won the preference vote in the state; the maneuvering of Gov. John S. Fine on whom to back and when and why, the ardent wooing of convention delegates by GOP and Democratic candidates; the successful efforts of Mayor David Lawrence of Pittsburgh to get the Democratic nomination for Adlai Stevenson, the Democratic victory in Philadelphia while Eisenhower won elsewhere—all were parts of the year's big story—the election.

Other Top Yarns

Here's the rest of the top 10 stories in order of importance:

The eight-week steel strike that started June 2. It was the longest and costliest in history and the last walkout led by the late Phil Murray, CIO-steelworker president.

Escape of three desperate bank robbers from the Lewisburg federal penitentiary Sept. 10.

Postponement of the hunting season Nov. 1, due to lack of rain and danger of forest fire.

The first contingents of Pennsylvania 28th Division, called back into federal service in 1950, returned home from Europe for discharge in April. Most of the guardsmen completed their tour of active duty in 1952.

The 15-year court battle over ownership of the Williamsport Wire Rope Co. ended with court approval of six million dollar cash settlement by Bethlehem Steel Co.

Strike of 350,000 bituminous miners for a week starting Oct. 20 because the government refused to approve a wage increase negotiated by John L. Lewis with mine owners.

Loyalty Oath Issue

The state's Loyalty Oath Law went into effect March 1, still is a subject of controversy.

Phil Murray, CIO president and a heart attack Nov. 9. Also the deaths of two members of the public utility commission — chairman Harold A. Scragg and B. Frank Morgall.

Drive to rid the state of rabid foxes that attacked animals and persons in many areas during the first eight months of '52.

These were the top 10 stories in the annual Associated Press poll. But there were many other good stories during the year, among them:

Escape Of Prisoners

The escape of nine prisoners from the Western Penitentiary.

Further extension of the Pennsylvania Turnpike, and a widening drive to lower the accident toll on that express highway.

Two serious bus mishaps in Western Pennsylvania.

Work on new television stations allowed that new means of communications to reach out to more and more residents of the Keystone State.

The Fairless Works of the U. S. Steel Co. started production in November.

Six children died in a gas explosion in Pittsburgh.

HOLIDAY DEATHS CLIMB TO 64

By The Associated Press

The number of deaths in accidents during the long New Year holiday reached 198 today. This included 149 in traffic, 18 in fires and 31 in other types of accidents.

The victims lost their lives in the period that began at 6 p.m. Wednesday, and will end at midnight Sunday.

The number of deaths in the current holiday period was falling short of the number reported during the long Christmas weekend.

During the 102-hour Christmas holiday period fatalities averaged slightly more than seven per hour. During the first 46 hours of the New Year period they averaged a shade under five per hour.

The heavy Christmas holiday toll, which included a record 556 deaths in motor vehicle accidents, evoked pleas for caution from safety leaders.

Rain or snow in many sections since the New Year death count began may have slowed motoring.

IMMIGRATION CHANGES ASKED

WASHINGTON (AP)—A presidential commission last night urged the new Congress to reverse its predecessor and revamp the controversial McCarran-Walter Immigration Act "from beginning to end."

The seven-member commission named by President Truman called for (1) abolition of the 31-year-old national origins quota system and for (2) lowering existing bars to admit some 100,000 additional immigrants annually.

These and scores of other recommendations proposed by the group would require a complete overhaul of the McCarran-Walter legislation which Congress enacted last June over Truman's veto. Since then President-elect Eisenhower has joined in criticizing "unfair" provisions of the act. He said during the campaign these should be repealed.

The commission, headed by former Solicitor General Philip B. Perlman, assailed the McCarran act in terms as sharp as those Truman used in his veto message. Its report to the President was based in part on public hearings in 11 cities.

The consensus of the hearings, the commission told Truman, was that the legislation which went into effect Dec. 24 "injures our people at home, causes much resentment against us abroad and impairs our position among the free nations."

"Our present immigration laws are rooted in the period of America's blindest isolationism," the group said in its 316-page report.

Weddings

Weddle-Long
Amid Christmas pine and lighted candles, a quiet wedding was solemnized when Miss Marilyn Robert Weddle, daughter of Mr. and Mrs. John P. Weddle, Thurmont, became the bride of Donald J. The ceremony was performed Friday evening, December 26, at 8 o'clock, at the home of the bride in the presence of the immediate families and a few close friends, by the bride's pastor, Rev. Edouard H. Taylor. The double ring ceremony was used.

The bride was attired in a street-length dress of grey faille and wore a corsage of white roses. Her attendant, Mrs. Thomas Hoke, of Emmitsburg, sister of the groom, wore grey faille with a corsage of red roses. Thomas Hoke served as best man for the groom.

A reception was held immediately following the ceremony. The bride is a graduate of Thurmont High School and Hagerstown Business College and is at present employed as payroll clerk at the Cannon Shoe Company in Thurmont. The groom is engaged in farming with his father. The couple will reside at Emmitsburg.

NAME 11 RED SYMPATHIZERS ON U. N. STAFF

WASHINGTON (AP)—The State Department has named 11 U. S. citizens on the United Nations payroll as persons it believes are "Communists or under Communist discipline."

The Senate internal security subcommittee yesterday made public the list. Along with the names of 27 others who have been dropped from the U. N. payrolls on similar security charges.

The development came in the midst of a controversy over a proposed new federal grand jury investigation of alleged Communist infiltration of the U. N., aired by House investigators.

Secretary of State Acheson testified before a House judiciary subcommittee Wednesday conceding that State Department loyalty checks on U. N. job applicants "had not been a great success." Acheson insisted, however, that national security had not been endangered by this, but that the nation's prestige had suffered "a black eye."

On Suspect List

A State Department memorandum, released by the internal security subcommittee yesterday, said 11 Americans remain on U. N. payrolls although the department has told the U. N. they are considered to be of "Communist identification." They were named as:

David Weintraub, director of the U. N. division of economic stability and development; Henry S. Bloch, Abraham Nadel, Irene Pogorelsky, Rhoda Rastoff, Anna Rubinstein, Lena Spiegel (Abrams-Rossman), Evelyn Thaler (also named as Evelyn Stern), Dmitry Varley, Marshall Wolfe and David Zablodowsky.

Angry Denial

The 11 were named in a memorandum made public over objections of John D. Hickerson, assistant secretary of state, who cautioned that the State Department could have erred by wrongfully naming some persons or by failing to name some who should be named. He emphasized that none of the adverse reports was based on sworn testimony, and that those named had been given no hearings.

Weintraub angrily denied he was a Communist or had ever engaged in any disloyal or subversive activities and said he had sworn under oath to both the federal grand jury and the McCarran committee.

"These statements and accusations are outrageously false," he declared.

Zablodowsky said he would have no comment on the new charges. Others on the list could not be reached for immediate comment.

Miss Thaler won praise from the Senate internal security subcommittee last Dec. 11 when she readily testified she had renounced communism two years before and she believed the Communist party to be subversive in the U. S.

Plunged anew into the controversy was the name of Alger Hiss, former State Department official now serving a prison term on charges that he lied under oath when he denied giving government secrets to a pre-war Soviet spy ring.

The security subcommittee quoted Carlisle H. Humelsine, deputy undersecretary of state, as testifying that he believed it was Hiss and James F. Byrnes, then secretary of state, who decided in 1946 to let the U. N. decide for itself which Americans to hire, without interference from the State Department.

TAFT CHOSEN FLOOR LEADER

WASHINGTON (AP)—Republican senators today unanimously chose Sen. Robert A. Taft of Ohio to be their floor leader in the new Congress.

The choice of Taft—a selection made certain by behind-the-scenes jockeying in the months since the election—was announced after a two-hour closed door session.

The Republicans agreed to meet again at 2 p. m. to deal with tough questions of membership on key committees and proposals to revise Senate rules to make it easier to choke off filibusters.

Sen. Saltonstall of Massachusetts was chosen as whip or assistant majority leader.

Also picked for key Senate posts by unanimous votes at the morning meeting were Sen. Styles Bridges of New Hampshire to be president pro tempore; Sen. William Knowland of California to be chairman of the Senate GOP Policy Committee; and Sen. Eugene D. Millikin of Colorado to be chairman of the GOP Conference which includes the 48 Republican senators.

The new Congress convenes at noon tomorrow, and shortly thereafter these selections are expected to be made official by formal vote.

Short Rail Line Goes Out Of Business

SCRANTON, Pa. (AP)—The Laurel Line Railroad, an 18-mile high speed line from Scranton to Wilkes-Barre, has carried its last passenger after some 50 years of watching the anthracite mining area grow, prosper and lately decline.

The line's final passenger run was made on New Year's Eve with some 170 persons aboard the last train. The road fell prey before the competitive advantage which buses have garnered in late years on the improved roads from Scranton to Wilkes-Barre.

Now the road becomes strictly a freight shuttle setup.

This, therefore, left open to speculation the possibility that Finletter was speaking of the carrying of radiological warfare weapons in planes. These would be devices for releasing aerosol clouds or dust, either in sprays or through the dropping of containers with bursting charges.

Need 12 Big Carriers

Secretary of the Navy Kimball put into his report word that the Navy has raised its goal for the 60,000-ton Forrestal class carriers, of which it is now building two. Until this report, Kimball had talked of the need for building a total of 10 of the flush-deck flattops capable of handling the heavy jet planes now in use or in design.

But now Kimball said that "based on current world conditions a minimum of 12" of the super-carriers are needed and that "construction should commence immediately."

Secretary of the Army Pace said the Army is developing "its own methods of delivery of atomic firepower" to supplement the nuclear bomb support to be given by planes of the Air Force and Navy. He mentioned the 280-millimeter gun which the Army claims is capable of firing atomic shells. And he commented that "the Army is developing a family of missiles which are designed to carry high explosive or atomic warheads well beyond the ranges of existing artillery weapons."

Many Scholastic Basketball Teams Begin Tough Race For Conference Championships

HARRISBURG (AP)—The vanguard of 1,000 Pennsylvania scholastic basketball teams sets off in pursuit of conference titles tonight.

Most league races get underway next Tuesday and Friday but at least five major conferences are set for a head start. A few scattered groups, such as the West Central in District 6 and Section 1 of District 10, have already opened play.

The beginning of conference warfare ends one month of exhibition basketball capped by numerous invitational tournaments during the holiday season. Immediately ahead is two months of campaigning against league foes to which will qualify the winners for March's all-state PIAA playoffs.

Two of the strongest circuits in the state, the Central Penn (District 3) and the Pittsburgh area WPIAL (District 7) take part in tonight's inaugural.

Reading Versus Steelton
Reading, last season's Central champion, visits Steelton and if the exhibition grind offers a true picture the Red Knights have their work cut out for them. Reading dropped three of five starts. All three setbacks, however, were at the hands of powerful foes—Bethlehem (5-0), Allentown (6-1) and Coatesville (8-0).

Harrisburg John Harris (4-1) with the best league record to date, visits Milton Hershey tomorrow night. Other Friday contests find York traveling to Lancaster and Harrisburg William Penn playing Lebanon. At this point it looks like anyone could take Central-loop honors.

Four games, three in the traditionally strong Section 3, feature the kickoff card in the WPIAL. Most Class A and 17 sections in all have action scheduled.

Farrell, Section 3, WPIAL, Western and state Class A champion, goes after its ninth win in a row against New Castle (5-1). The Steelers, making headway in replacing graduated stars, routed previously-undefeated Punxsutawney (6-1) 59-38, Tuesday.

Other Games
Other Section 3 tilts have Beaver Falls (7-0) the only major Class A WPIAL entry outside Farrell with a clean slate, challenged by Aliquippa. Sharon (7-1), beaten only by Johnstown, faces Ambridge in another good one. Greensburg (7-1) plays North Huntingdon in Section 2.

In Section 3 of District 10 of the upper northwest, Grove City and Greenville launch conference action. Defending titlist Sharpsville (6-1), beaten only by Union Township, faces Hickory.

Two other loops opening play are in District 4 of Central Pennsylvania. They are the four-club Keystone Conference and the 10-member Susquehanna Conference.

Danville, defending champion of the Susquehanna, plays at Northumberland. South Williamsport is at Bloomsburg. Selinsgrove at Mifflinburg. Milton at Lewisburg and Trertron at Sunbury.

Coal Township face Mt. Carmel in the Keystone in quest of victory number nine of the season. The Purple Demons are bidding to unseat Williamsport (3-3) for top spot in the district. Kulpmont is at Shamokin (6-0) in the league's other game.

SEDGMAN AND MCGREGOR TURN PROFESSIONAL

LOS ANGELES (AP)—Frank Sedgman, the world's No. 1 tennis player, and his Australian Davis Cup teammate, Ken McGregor, start cashing in on their talents Tuesday when they make their long expected professional debut at Los Angeles' Pan-Pacific Auditorium.

Jack Kramer, former U. S. Amateur champion who will double as promoter and opponent of the famous Aussies, announced last night Sedgman and McGregor had accepted his \$100,000 offer for a tour of the United States "and other places on which I decide." Pancho Segura also will be a member of the touring troupe.

To Visit 40 Cities
At the same time in Sydney, Australia, Sedgman confirmed he and McGregor have deserted the amateur ranks and would leave for the United States tomorrow.

Kramer said his offer of \$100,000 or 40 per cent of the gross receipts, whichever is greater, was made to the Aussies as a team but he understands Sedgman will take 75 per cent.

After a two-night stand in Los Angeles, the net stars will jump to New York for afternoon sessions at Madison Square Garden Jan. 10 and 11. Matches have been lined up for appearances in 38 other American cities but Kramer also plans to take the troupe on a tour of Europe, South Africa, South America, New Zealand and Australia.

Huge Crowd Sees Tournament Of Roses
PASADENA, Calif. (AP)—The Tournament of Roses accentuating "Melodies in Flowers" drew some 1,250,000 on-the-spot spectators yesterday, police estimated, while countless others across the Nation saw it on television.

Fifty-eight floats, imaginatively and laboriously fashioned of many varieties of blooms, majestically traveled the five-mile route. They remained on display today in an open area for persons who were unwilling or unable to brave the tournament crush.

The sweepstakes prize for the most beautiful entry in the 64th annual pageant went to nearby Glendale, whose "Madame Butterfly" float depicted the opera heroine in her Japanese garden.

Long Beach, Calif., won the award for the float best depicting the "Melodies in Flowers" theme. Jackie Loughery, 21, who emerged as "Miss United States of America" in the "Miss Universe" contest at Long Beach last June, sat atop a huge revolving globe of cornflowers and delphiniums.

Trapped Driver Expires In Cab
TREVORTON, Pa. (AP)—Granville Harman, a truck driver from Northumberland, was killed in a pre-New Year's Day accident when he was trapped in the cab of his vehicle as it went out of control and smashed into a house.

State police reported Harman lost control of his truck while traveling downhill on Route 225 Wednesday, near Hunter Station, west of the Northumberland County town. The slippery condition of the road was believed partly responsible for the accident.

Five persons in the home of John Peifer were uninjured.

Teddy Davis And Chavez In Ring Show

NEW YORK (AP)—Teddy (Redtop) Davis of Hartford and Fabella Chavez of Compton, Calif., a couple of busy fighters without "big name" appeal, top tonight's first 1953 show at Madison Square Garden. The 10:00 p. m. (EST) bout will be seen on television (NBC).

Davis, 29-year-old veteran of 94 fights, is a much better fighter than his 47-45-2 record shows. Always thrown in with tough company, usually away from home, Davis has beaten fighters like Paddy DeMarco, Charley Riley and Percy Bassett. As of now he's No. 6 among the featherweights.

Fabella Chavez, no relation to Eddie Chavez who recently appeared in the Garden, may be remembered in a losing TV fight with Willie Pep at St. Louis last fall. His 61-fight record is 39-18-4. In '52 he won only six of 12. Troubled by eye cuts he dropped down in the rankings.

DEFENSE SHINES IN BOWL GAMES; SOUTHERN CAL., ALABAMA WIN

By the Associated Press
You'd never know it from the scores, but the defensive platoons were the deciding factors in most of the football bowl games that marked the beginning of 1953.

True, Alabama established a new scoring record for "major" bowl competition by walloping Syracuse 61-6 in the Orange Bowl, and the San Diego Naval Training Center went 20 points higher and must have set a record for any kind of bowl game when it whopped the 101st Airborne Division of Camp Breckinridge, Ky., 81-20, and only two teams on the entire list were shut out.

But to offset those two remarkable scoring exhibitions, Southern California stopped Wisconsin four times within scoring range to earn a welcome 7-0 victory for the West in the Rose Bowl. Georgia Tech's defensive platoon held Mississippi once less than a foot from the goal, once on the two-yard line and once on the five, after yielding an early touchdown, to win 24-6 in the Sugar Bowl.

Tennessee Out-Defended
Texas out-defended Tennessee, the team that had the best defense of any major college during the regular season, and took advantage of the Volunteers' offensive errors to win 16-0.

And Florida, after gaining a two-touchdown lead over Tulsa in the star Bowl game, had to dig in for it all was worth, holding on the five-yard line in the closing minutes, to win 14-13.

The day's lesser bowl games saw College of the Pacific whipe Mississippi Southern, 27-6, in the Sun Bowl, Texas Southern edge Prairie View in the Prairie View Bowl 13-12.

Over 100,000 At Rose Bowl
All this assorted New Year's entertainment was witnessed by over 400,000 fans who actually were on hand and perhaps millions of others who watched four of the big ones on television. And it netted well over two million dollars from gate receipts and TV and radio fees, for the competing schools and the conferences and a associated institutions which shared in the cuts. The exact figures won't be known for some weeks after the audits are completed.

Southern California and Wisconsin drew over 100,000 people into Pasadena's Rose Bowl; the Sugar Bowl attracted an estimated 82,000; there were 75,504 paid admissions at the Cotton Bowl, 66,280 at the Orange Bowl and 30,015 at the Gator Bowl. Those were the biggest crowds.

Although Alabama's 61 points wiped out Michigan's two 49-point Rose Bowl triumphs which had stood as the scoring record since the first Tournament of Roses game in 1902, that wasn't the day's thriller.

Thrilling Finish
The excitement came in the close games, and the Rose Bowl, oldest of all, probably was the most stirring. After six straight triumphs for the Big Ten since the two conferences hooked up, California fans were ready to yell for a West Coast victory. But when it came they were almost breathless.

Wisconsin, with battering Alan Ameche as a constant threat, got within scoring range four times. USC had three chances, cashed in on one when substitute tailback Rudy Bukich passed to Al Carmichael to complete a 73-yard aerial drive and barely missed one field goal attempt.

Twice in the closing minutes Wisconsin came close and, with about two minutes to go, Harland Carl raced into the end zone, got his hands on an almost-perfect pass and juggled it just long enough for momentum to carry him out of bounds for an incomplete.

FBI Gets Man On Its Fugitive List

WASHINGTON (AP)—The FBI reported today its agents have captured Harden Collins Kemper one of the FBI's 10 most wanted fugitives, in Glendale, Ariz.

Director J. Edgar Hoover said the 50 year old Kemper was taken into custody last night at his residence in Glendale. The fugitive had been living under an assumed name for a year and working as an automobile mechanic at \$100 a week, Hoover said.

Kemper was sent to jail in 1951 for taking part in a widespread auto theft ring in the Southwest.

Released from prison on bond to handle a personal law suits, Kemper failed to report to the U. S. marshal at Albuquerque, N. M., Dec. 17, 1951, as he was ordered. He was put on the fugitive list then.

Today's Talk

BEFORE AND AFTER

Why can't we live a day at a time — this day of all days? Yesterday is gone and of tomorrow we have no data, outside that of speculation. The great Sir William Osler, one of the world's famous doctors, and inspiring lecturer and teacher, once said this: "The chief worries of life arise from the foolish habit of looking before and after."

Each day has its burdens, problems, and responsibilities. To handle them all in the best manner that we know is quite enough. Yesterday is no more, and this day will never dawn again! Let us, therefore, be in it to the hilt and try to make it a notable one. Such a procedure will promise a smile for tomorrow and a content hope.

Our worries are all in the before! Why speculate unhappily about something that may never happen? Fears are so futile, for most of them have neither form nor substance. How quickly they are dropped after fears have proved groundless! And what a waste of nervous energy and peace of mind.

What a wonderful thing it is to enter a new day with readiness of mind and with all the faculties of the body in tune for work and useful tasks. The new day — what a privilege! Full to the brim with possibilities. Many an immortal poem has been written in a single day. Many a world affecting decision has been made during the hours of one day. Don't allow any day to be wasted or come to no purpose.

Many a flower blooms but for a day. It leaves behind, however, a glorious remembrance of beauty and an odor that never leaves the air! A word of encouragement to someone, that takes but a minute to render, may last a lifetime to the one who receives it. We never know how far the good influence we spread affects others. It may finally pass around the world! This day may be the most important of your entire life.

Tomorrow Mr. Adams will talk on the subject: "Speeding Mail Through Prayer"

Just Folks

BACK TO WORK
Done the holidays, the dining;
Done the singing and the wining;
Done the parties, friendly, cheery,
Now a little worn and weary,
Glad they're over, back we're turning.
To the daily task of earning.Sweet the song and gay the laughter,
But 'tis well that care comes after
And that play will be succeeded
By some service greatly needed,
Causes good on all depending,
Acts of doing and befriending.Happy New Year! Did we shout that?
We must do something about that.
Don't for granted ever take it,
Every year is what we make it.
Time is given to employ us;
It is ours to make it joyous.

IKE AND STAFF TRYING TO CUT U. S. SPENDING

NEW YORK (AP)—The incoming Eisenhower administration already is at work trying to find ways to cut the federal budget which President Truman will submit to Congress next week.

President-elect Eisenhower's fiscal specialists reportedly are confident some reductions can be made, but are guarding against any talk of big slashes.

The proposed budget which goes to Congress a week from today will be solely the work of the Truman administration, which hands over the government to the Eisenhower regime Jan. 20. The document deals with spending for the fiscal year starting July 1.

Expect 80 Billion Mark
Although the budget total won't be announced officially until Truman sends it to the Capitol, there has been speculation the spending estimate is around 80 billion dollars.

Eisenhower has been kept informed of the outgoing administration's budget planning through reports submitted to him by Detroit banker Joseph M. Dodge, the general's pre-inauguration representative in the Budget Bureau.

Those reports are the basis for the confidence of Eisenhower aides

Springs, were united in marriage Monday, December 20, in St. Augustine, Florida, by the Rev. C. D. Marlin, pastor of the Methodist Episcopal church, North.

Mrs. Hollabaugh is now employed by the Rice, Trew and Rice company, Biglerville.

The bridegroom is a credit reporter for Dun and Bradstreet.

Neighbors Build Home For Cripple

CHICAGO (AP)—The turning of a spade of earth at midnight started a marathon task of building a home for a young mother crippled by polio.

The scene was a lot in suburban

that some cuts can be made. But, as GOP congressional leaders also have stated, they feel there probably will be no substantial reductions in federal spending until the fiscal year starting July 1, 1954.

47 KILLED IN CHILE BLAST

VALPARAISO, Chile (U) — Rescuers methodically combed wreckage of Valparaiso's New Year's explosions today as the toll in this Chilean seaport's worst tragedy in 46 years mounted to 47 known dead and an estimated 350 injured. Officials weighing the list of missing expressed fears that the tragic reckoning might rise even higher before the search is completed. An official investigation already was underway to determine the cause of the blasts that shook this city of 200,000—Chile's second largest—a force reminiscent of the great earthquake of August, 1906. An estimated 4,000 persons died in that disaster.

MEDIATION HOPE IN STRIKE FADES

NEW YORK (U)—The long holiday week end has softened the initial impact of the city's biggest bus strike, while prospects of early mediation talks dimmed with a union blast at Mayor Vincent R. Impellitteri.

With most businesses and all schools closed until Monday, the absence of 3,500 private lines buses from city and suburban streets caused little transportation difficulties yesterday. Commuter traffic will be sub-normal today.

But what will happen to the lines' 3 1/2 million daily riders next week is causing concern among transit authorities and commuters alike.

The New Year's strike of 8,200 bus drivers and maintenance men, members of the CIO Transit Workers Union, stems from a three-way dispute involving the union, the companies and the city.

The union demands a 40-hour work week and pay raises for workers of eight privately operated lines. The companies say tax forgiveness or fare boosts are the only solutions. Mayor Impellitteri has charged "collusion" between the

yesterday when a fire enveloped a highway department warehouse.

Caesarean Mother Surprises Doctors

LOS ANGELES (U)—The mother who risked her life to give Caesarean birth to a fourth son last

Friday was reported getting along fine today.

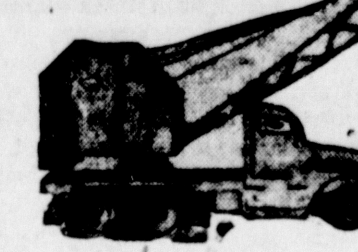

Doctors plan further tests to determine whether the mother, Mrs. Jean Garrett, 27, is suffering from Hodgkin's Disease, a form of lymphatic cancer. She was believed to be a likely victim of the generally fatal disease until a test turned up negative Tuesday.

Hospital attendants reported Mrs. Garrett's baby was doing fine also.

The Suez Canal was first opened in 1869.

The Civil Aeronautics Administration of the United States attributes many reports of flying saucers to "secondary reflection of radar beams by atmospheric conditions."

NEW FORD TRACTOR

Golden Jubilee MODEL

**SATURDAY
JANUARY 3**

★ **MOST ADVANCED** Hydraulic System in any Tractor!

★ **EXTRA POWER** with New Overhead Valve Engine!

Yes, it's on display right now, waiting to show you what a really modern tractor can and should be. It's waiting with extra power, extra size, extra weight. It's ready to demonstrate new handling ease, comfort and convenience.

It's eagerly waiting to introduce you to the most advanced hydraulic system in any tractor. We call it Live-Action Hydraulic Control. That means split-second hydraulic response any time the tractor engine is running. Then there's a choice of hydraulic speeds when you want even faster action. It is called Hy-Trol.

This new tractor is waiting with its great new overhead valve Ford "Red Tiger" engine. With its greatly reduced piston travel, lessened friction and other advanced design features, this engine develops ample reserve power with new economy of gas and oil. But it would take a full hour to tell you of all the features and advantages of this new engine—let alone the rest of the tractor.

Most important of all, Ford's Golden Jubilee Model is waiting to show you what it can do—what this great combination of modern advancements and every time-proved Ford Tractor advantage means in more and better work, done more easily and more profitably.

Please don't keep it waiting long! Come in and get all the good news, firsthand. Why not make it today?

YOU'VE NEVER SEEN A TRACTOR TO MATCH THIS!

Built-in Live-Action Hydraulic System, with Constant Draft Control, Implement Position Control and Manual Touch Control • Provision for complete range of remote hydraulic cylinder* applications • Hy-Trol, for extra fast hydraulic response • New lightning-fast governor • New weatherproofed ignition • New rotating exhaust valves • New live PTO* • 3-Point implement hitch • New streamlined, row-vision hood • New extra-size differential and rear axle gearing • Selec-Trol* for hydraulic control of front and rear mounted implements • A lot more!

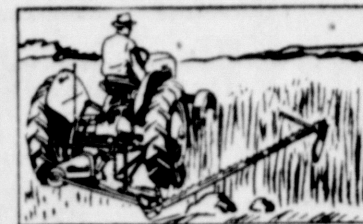

*Sold separately.

SEE IT NOW!

See What the New Ford Tractor Means to You in More Work Done Faster and Easier—At Less Cost!

Attach mounted implements fast! Most Dearborn Implements can be attached to the new Ford Tractor in 60 seconds or less. No wrenches, no lifting, no tugging! Time saved in attaching-detaching runs equal several days per year.

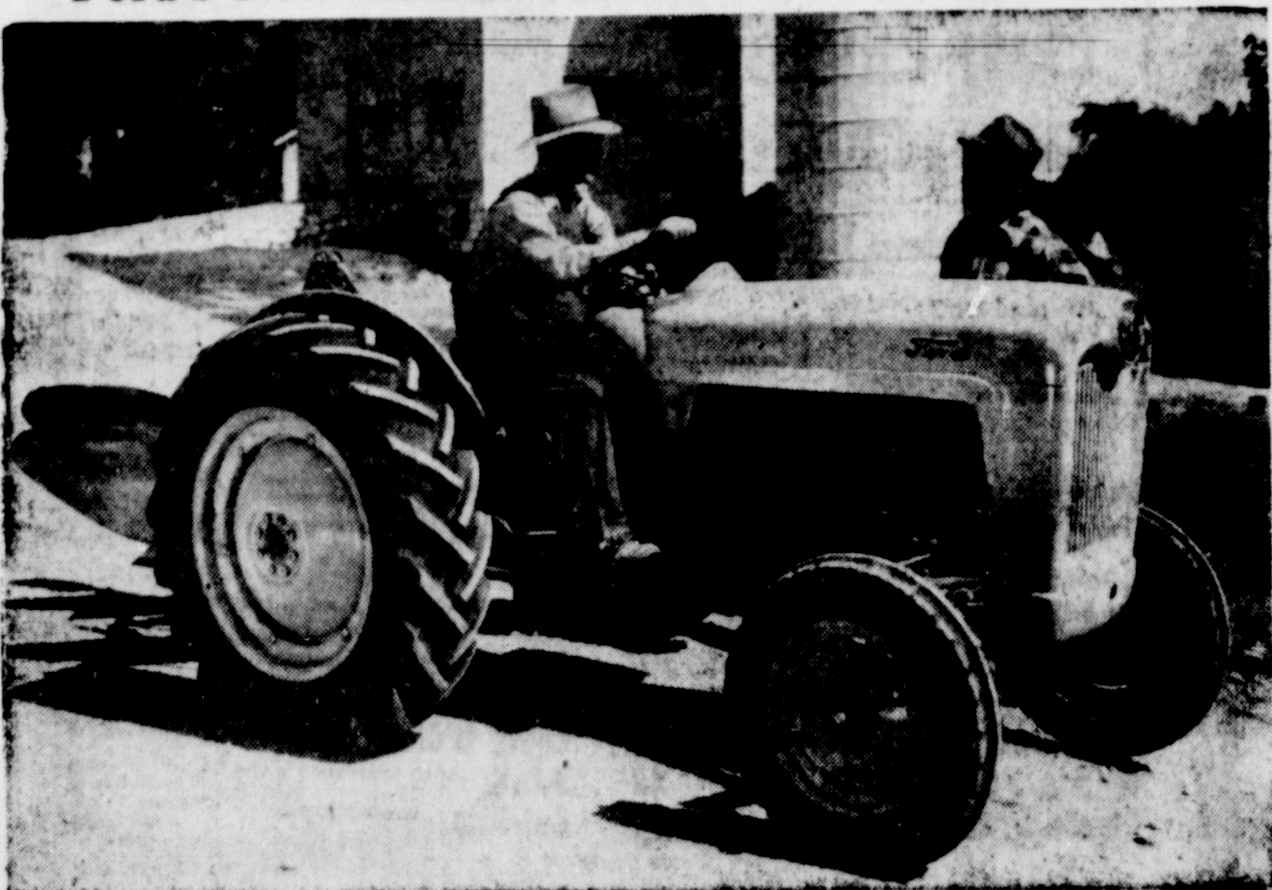

Control implements like never before! Touch the hydraulic control lever and you get split-second response. Lift, lower or adjust implements whenever tractor engine is running. Turn the Hy-Trol knob for even faster hydraulic action.

Step up performance of power take-off driven machines... with new LIVE POWER TAKE-OFF*. Stop and start tractor while PTO operation stays under full power. Less slow-down, less clogging, less gear shifting. Increases safety, too.

SO LOW IN PRICE, TOO! Convenient terms available.

Ford's New Golden Jubilee Model Farm Tractor

FORD MOTOR COMPANY, manufacturer of more than 2 million farm tractors since 1917, has put into production a new, heavier, longer, much more powerful Golden Jubilee model. In 1953 Ford celebrates the 50th Anniversary of the founding of the company by Henry Ford, Sr., in 1903. The new machine is described as the most modern farm tractor ever built and is equipped with advanced type hydraulic system. Outstanding features include Hy-Trol, to increase lifting speed by simple turn of a knob; and the entirely new overhead valve Ford "Red Tiger" engine, most powerful farm tractor engine ever produced by Ford. The new tractor is now in volume production at Ford's Highland Park, Michigan, plant.

SENATE BATTLE IS EXPECTED ON RULES' CHANGE

By JAMES MARLOW

WASHINGTON (AP) — This is an ABC on the explosion expected in the Senate tomorrow when the new, 83rd Congress opens and a group of Northern Democrats and Republicans try to get the Senate rules changed.

Unless the rules are changed—to prevent filibusters by the Southern Democrats—it's almost certain no civil rights laws can be passed by Congress during the Eisenhower

administration. Although House and Senate conduct their business under rules approved by the members of both houses, the rules of the two are not the same. There are 435 House members but only 96 senators. All 435 House members are elected (or re-elected) every two years and for terms of two years only. So it's really a brand new, freshly-elected House which begins business every two years, just like this one.

Different In Senate
Because of this, the House is not, in a strict sense, considered a continuing body. So every two years, at the start of business, it has to adopt rules under which it will do business.

And, as regularly as a clock, each new House adopts the rules of the preceding House. The point

is: Each new House actually adopts its own rules even though they are exactly the same rules the old House had.

It's different in the Senate which considers itself a continuing body because the 96 members serve six-year terms. And the terms overlap. Every two years only one-third of the senators, 32, have to face the voters. The rest still have unexpired terms.

So, since they don't consider themselves a new body every two years, the senators have treated their rules as permanent. They don't adopt new ones every two years. That's one of the important points in any Senate explosion tomorrow. But here is another equally important:

House Debate Limited
In the House, with its 435 members, debate is limited. So there

Emmitsburg

EMMITTSBURG—Wm. Umbie, U. S. Navy, stationed in Rhode Island, spent several days' leave with his parents, Mr. and Mrs. Wilbur Umbie.

Marion Wasilfsky, a student at St. Joseph's Academy in McSherrystown, and her brother, Michael, who attends Ardmore Academy in Wilmington, Del., are spending the Christmas vacation at the home of their parents, Dr. and Mrs. Adolph Wasilfsky.

Mrs. Upton Austin, Taneytown, spent Friday and Saturday with her son-in-law and daughter, Mr. and Mrs. William Topper.

Mr. and Mrs. John Roddy Sr. spent the Christmas holidays in Baltimore with relatives.

Mr. and Mrs. Wilmer W. Law, Key West, Fla., are spending some time at their home on West Main St. Mr. Law is with the U. S. Navy, and, at the termination of his leave, will report for duty in Connecticut.

Harry Jones has returned to his home in Washington after spending the holidays at the home of Mr. and Mrs. Charles E. Shorb. He was accompanied to Emmitsburg by Mrs. Jones and daughters, who will remain at the Shorb residence this week.

Other Personal Items

George Damuth, U. S. Navy, Norfolk, Va., visited his wife and mother, Mrs. Lester Damuth, over the weekend.

Lynwood Mich, U. S. Navy, stationed in South Carolina, visited with Mr. and Mrs. Ed. Seltzer, near St. Anthony's, over the holidays.

Mr. and Mrs. William Topper and son, Tommy, were dinner guests on Sunday of Mrs. Topper's parents, Mr. and Mrs. Upton Austin, Taneytown.

Mr. and Mrs. Charles Conner, Lansdale, Pa., visited over the week-

are no House filibusters. That's why in recent years Northern Democrats and Republicans in the House have been able to team up and pass civil rights legislation over the Southern Democrats' protests.

But in this century no important civil rights legislation has been passed in the Senate where the rules on debate are different. Any time the Northern Democrats and Republicans have teamed up, giving them a majority vote on a civil rights measure, the Southern Democrats were able to prevent their voting by filibustering until they gave up the fight.

Since there are 96 senators, a quorum, enough for doing business, would be 49. And in passing the usual measures which flow through the Senate only a simple majority vote is needed—a majority of the 49. That's covered by a Senate rule. There's no argument about that.

Power Of Filibuster

But there's another rule: It says any time a group of senators dislikes a bill under consideration, or even a motion to bring up such a bill, they can filibuster until the other side gives up unless a constitutional two-thirds of the senators—64 of the 96—vote to smash the filibuster. Getting 64 senators to vote to kill a filibuster against a civil rights bill is just about impossible.

Since a 64-senator vote to end a filibuster is so hard to get, couldn't the senators change this rule? That's where the Southern Democrats really have their opponents over a barrel. There is no provision in the Senate rules for ending a filibuster against an attempt to change those rules.

No matter how you look at it, any attempt to change the rules might, from the viewpoint of those Northern Democrats and Republicans who want a change, seem hopeless. Apparently, they don't think so. This is what they have been talking of doing:

Fight Can Result
Trying to get Vice President Barkley, who'll be presiding over the Senate when it opens, to rule that the Senate, like the House, is not a continuing body but must adopt its rules afresh every two years.

They hope that, if the Senate agreed, it might also agree, when adopting new rules, to drop or modify the one against ending a filibuster.

If this attempt is made, the Senate may wind up in one of the most magnificent parliamentary tangles in its history because the Southerners will be in there from the start, fighting and probably filibustering.

end with Mrs. Conner's parents, Mr. and Mrs. Charles Sharrer. Frank Weant was a dinner guest on Sunday at the Sharrer residence.

Mrs. Charles Clinegran is spending some time in Chicago with her husband.

Mr. and Mrs. Raymond Baum-

gardner, Clifford Meskill and Helga Wooschlaeger spent Christmas Day visiting with Mr. and Mrs. Jerry Hoskins and family in Dundalk.

With Mr. and Mrs. Thomas Bosley and family in Essex and Dr. and Mrs. Baumgardner and family in Baltimore.
